# Culture at Dechert

It takes a **committed, global** team to deliver the **excellence in service** and **innovative thinking** our clients expect. Cultivating creativity to harness the very best ideas comes from **respecting and valuing everyone's voice**, and creating a shared enjoyment in all that we do. At Dechert, we believe that **building community** within the workplace and with our clients – whether multinational companies or pro bono causes – is the key to success. It's about building a firm where people are **trusted** and **empowered** to do their very best.

*“At Dechert, we aim to create a true sense of community that spans all the firm and all of its people. One of the ways we do this is to recognize the importance of individual actions, as we believe it is the choices we all make every day that make our culture.”*
