### Services

Financial Services and Investment Management >

Antoine Pian practices in the area of financial services and investment management law. Mr. Pian advises French management companies in their activities covering regulatory approvals and fundraising. Mr. Pian focuses his practice on fund formation and tax structuring of unregulated and regulated French and pan-European private equity funds (buyout and venture), funds of funds, feeder and real estate investment funds. In addition, he has been involved in the negotiation of secondary transactions and management buyouts. He also has a wide-ranging regulatory practice.

Prior to joining Dechert, Mr. Pian trained at other leading international law firms where he focused on private equity transactions and equity-linked and debt capital markets transactions. His previous experience also includes serving as an associate in the private investment funds group of another international law firm.
